A High Official of the Mine Workers Union is Confident

That the West Virginia Miners Will Join the Strike-Ail They Wait for is a Little Urging From the Union-Labor Leaders Among Them.

CLEVELAND, O., July 14.-Within 48 hours developments of a very definite character are expected to take place in the West Virginia coal fields. A leading operator received a long distance telephone message at ten o'clock Tuesday morning stating that nine organizers had just left Pittsburgh for the West Virginia coal fields. A person who occupies a high official position in the Mine Workers' union, was at the Pittsburgh end of the 'phone.

"You may look for something startling in that direction within the next 48 hours," he said, 'reliable advices which I have received Tuesday morning, convince me the West Virginia miners will come out. All they wait for is a little urging from the union. I am free to confess to you that while I expect many men would come out, I never hoped for such a complete and overwhelming victory as this."

The foregoing message was repeated to a reporter who was standing at hand by the operator who received it. When that point is reached that the coal mine operators 'refuse to talk for publication," the situation is grave in-

deed. The operators now urge upon their interviewers that under no circumstances must their names be used in connection with the information they have supplied. A leading operator made a plain statement, a startling statement, in fact, Tuesday morning, but insisted his name must not be used.

"Is there not some parts of your statement which I may accredit to you," asked the reporter.

"No You see if I talked for publication I would have to say to you just the opposite of what I have said. You appreciate that there are many reasons why I would not want my name to appear as admitting all these facts." Since Saturday the coal strike has

assumed a very grave aspect, but a full realization of the change did not reach Cleveland operators and dealers until Tuesday. Excepting a few operators who had some inside information, they were disposed to speak lightly of the matter, and loudly declared that there was coal on handmore than enough to supply the country regardless of the outcome of the strike. Tuesday all this seeming or pretended confidence had disappeared. Several operators went to Pittsburgh Monday to attend the voluntary conference of the state arbitrators. One of these, whose knowledge of the premises is above question, said Tuesday: "The situation is very grave and I anticipate some very startling developments within the next 45 hours, I believe the West Virginia miners will come out and that will make the tie-up practically complete, for the strikers will then concentrate all their efforts on the Dearmitt's men. A small amount of coal is now coming from the mines along the Pennsylvania main line and from the coke regions, but it is in comparatively insignificant quantitles. I think it will be shut off entirely very soon. From what I could learn Monday at Pittsburgh I do not hesitate to say that in my belief the railroads will hesitate to haul West Virginia and Dearmitt's mines coal. The engineers and trainmen are regarding the situation with lowering brows, P. M. Arthur's statement to the contrary notwithstanding.

The supply of coal on hand is very short and I look for a another sharp advance in price shortly. Saturday coal which was loaded at Pittsburgh for \$1.25 to \$1.50 f. o. b. is now held at

Delivered to Cleveland the price is \$2.65. Chicago is buying freely and paying high prices. I do not think the supply will hold out more than a week longer.

Mr. J. J. Phillips, a coal operator, received the following telegram from Flemington, W. Va., Tuesday afternoon: "Miners all went out on a strike this morning."

Flemington is an important point in the West Virginia coal fields and local operators believe that the strike will now spread into West Virginia.

PITTSBURGH, Pa., July 14.-There is a bare possibility that the joint arbitration conference may yet lead to the termination of the miners' strike on the basis of the "true uniformity" agreement proposed by President Dearmit, of the New York and Cleveland Gas Co., last year, but which failed for the reason that the 97 per cent. of the operators in this district required by Dearmit could not be secured. Two sessions of the arbitration board were held Tuesday, representatives from the states of Pennsylvania, Ohio, West Virginia, Indiana and Illinois, being present At the afternoon session President Dearmit appeared before the board and told of the conditions which exist from his point of view. He recited the history of the miners' strug-

Mr. Dearmit said: 'If the operators of the Pittsburgh district will abolish their company stores, use a uniform screen, give honest weight-2,000 pounds of coal for a ton-pay cash every two weeks, I will leave it to any committee to settle the price of mining and pay it, no matter how high, providing all my competitors pay the same price. Unless these conditions can be brought about I will not agree to abolish the contract with my men, nor can I afford to do so."

The board will meet Dearmit again the operators together for the purpose 30 mines are closed.

DEVELOPMENTS of inducing them to make another attempt to secure true uniformity, as tempt to secure true uniformity, as outlined by the former at Tuesday's conference

PRESIDENT RATCHFORD

Says He is Confident of Bringing Out the

West Virginia Miners COLUMBUS, O., July 14 .- When asked in reference to the proposed action of the officials of the Wheeling & Lake Erie railroad in enjoining the miners from interfering with the operation of their mines, President Ratchford said: If it is lawful for men to cease work and strike against insufficient wages to support them, we have violated no law; if it is not lawful, we plead guilty. We do not fear to advise the men to strike so long as they do so along lawful lines and therefore we have no fear of the proposed injunction."

President Ratchford said he was confident of bringing out the West Virginia miners.

A telegram was received from Grand Master Workmen Sovereign, of the Knights of Labor, offering his personal service. Eugene V. Debs will arrive here Wednesday to consuit with President Ratchford.

A representative of the firm attributed the trouble to being on the wrong side of the market, the firm's shortage on sugar being one of the principal elements. Five years ago this firm failed for \$12.-000,000, but paid up within 60 days and resumed business.

Alabama Miners in Convention. BIRMINGHAM, Ala., July 14 .- A state miners' convention was held here Tuesday to formulate and present a wage scale to the operators for those mines which have not signed up yet and have been idle since July 1. Five thousand men are involved. The miners will, it is understood, insist on their original demands, which the operators have already rejected. No prospect of a settlement in sight.

Belgian Strikers and Other Foreigners in Danville District

Attack a Lot of Colored Miners With Different Kinds of Weapons.

Shots Were Fired Wounding 8 veral of the Strikers-Later the Strikers Attacked a Train Carrying Working Miners to the City-Several Shots Fired.

TERRE HAUTE, Ind., July 14 .- A special to the Express from Danville, Ill., says: Strife between the miners commenced in this district Tuesday night. About 400 or 500 Beigian strikers and other foreigners gathered at the Pawnee mine and when a cage full of colored miners who had been at work reached the top of the shaft they were assaulted with different kinds of weapons, some using knives and others staves. One of the colored miners secured a bar of iron and a revolver and defended his life. Shots were fired, wounding several strikers. This infuriated the striking miners and they retaliated by an exchange of shots, at the same time retreating to the woods. Later the strikers attacked a train on the Chicago & Eastern Illinois carrying working miners to the city. The miners inside the coaches opened fire and about fitty shots were exchanged. It is re-

The Burial of the Late Senator Barris Takes Piace in Elimwood Cometery. MEMPHIS, July 14 .- The funeral train bearing the remains of Tennessee's distinguished senator, Hon. Isham G. Harris, arrived in this city at 7:30 o'clock Tuesday morning.

The train arrived at the Nashville. Chattanooga and St Louis depot on Main street and immediately thereafter the local committees took charge of the remains. Carriages were in waiting for the members of the funeral party and a magnificent hearse, heavily draped in black, received the casket holding the remains of the dead senator. The confederate veterans, Capt. Carnes commanding, in full uniform, acted as an escort of honor. The line of march was quickly formed and the cortege started for the First Methodist church, at the corner of Poplar and Second streets.

Although the hour was early hundreds of citizens viewed the solemn march to the church where the remains laid in state throughout the morning. Arriving at the church the casket was placed in a large open area where thousands of citizens, many of whom were life-long friends of the dead statesman, viewed the remains

CHRISTIAN ENDEAVORERS

The Number in Attendance at the San Francisco Convention 23,918.

San Francisco, July 14 .- At length it is possible to state with a close approach to exactitude how many delegates attended the Christian Endenvor convention. The registration committee has made a report by states and counties of the number of people registered. The total number of people from other states, territories and foreign countries in attendance is 11.224. From California the registration is 12,-694, making a total of 23,918,

From these figures it will be seen that the actual attendance upon the convention is surprisingly close to the advance estimates that were made.

Outside of California the biggest delegation was from Illinois, that state sending 1,083, Iowa being next, Pennsylvania third, followed by Ohio, New York, Missouri and Massachusetts, in the order named.

It is interesting to note that the women from all places outside of the state were almost twice as numerous as the men, the figures being: Women 7,477; men 3,747.

Republican League Convention DETROIT, Mich., July 14 - The Naences. Liabilities not stated. This tional republican league convention opened Tuesday with a fair attendance of delegates for an "off year" in politics. Nearly all the states are represented, although the quota of delegates are small in several instances. The absence of party leaders who are prominently identified with the administrative and legislative departments of the national and state governments is a conspicuous feature The assembly comprises chiefly the younger members of the party, who, while they have not attained eminence in political life, have plenty of onthusiasm and energy.

A Bru:al Murder.

BIRMINGHAM, Ala., July 14 -The story of a brutal murder comes from Westpoint, Tenn. Miss Rennie Williams went out to the woods to pick blackberries. Failing to return. search was instituted, resulting in the fluting of the dead and mangled body of the young woman in the woods tied to a bush. There were evidences of a terrible struggle, indicating that the girl had been criminally assaulted and choked and beaten to death. If the murderer is run down he will be lynched.
